## LATEST NEWS

### Canadian Chairman Dies

OTTAWA, Aug. 10.—Frank B. Carvell, chairman of the Board of Railway Commissioners for Canada, died suddenly last night at his home in Woodstock, N. B.

### Party Nominates Zayas

HAVANA, Aug. 10.—President Zayas was nominated for reelection tonight by the Popular party, and his followers are working to have him nominated by the Conservative party when it meets Tuesday.

### Bandit Robs Clubhouse

STOCKTON, Aug. 10.—An unmasked bandit tonight held up more than a score of men at the Arion Club, a fashionable rendezvous taking \$500 in cash. He locked the door and disappeared down a side street.

### Find Narcotics in Trunk

DETROIT, Aug. 10.—Narcotics valued at \$139,000, the greatest quantity ever seized in Michigan, were found by police today in a trunk shipped from New York.

### Twelve Injured at Fire

MOOSEJAW (Sask.) Aug. 10.—Twelve persons were injured, two seriously, and damage estimated at \$50,000 resulted from a fire which started in the basement of the Woolworth Block here tonight.

### Death Ends Celebration

STOCKTON, Aug. 10.—John W. Norton of 242 Thirtieth street, Oakland, was drowned in the San Joaquin River near San Joaquin City this afternoon during an outing staged in celebration of his twenty-first birthday anniversary.

## FIRE TAKES HUGE STORE OF POWDER

Plant at Nashville and 45,000,000 Pounds of Explosive Consumed

(BY A. P. MORT WIRE)

NASHVILLE (Tenn.) Aug. 10.—Forty-five million pounds of powder were destroyed by fire at the Old Hickory powder plant near here today. The loss on the basis of present prices is estimated at more than \$2,000,000.

The powder was manufactured for the Federal government during the war at a cost of more than \$12,000,000.

Machinery and buildings erected by the government during the war cost more than \$1,000,000, also were destroyed by the flames, which swept over an area of forty acres in the heart of the plant. The fire was declared to be the greatest single loss suffered by the government since the World War.

It was impossible to approach the area of the fire because of the intense heat. An official estimate of the loss, therefore, was impossible.

## THIN DRESS BAN ISSUED BY BISHOP

Italy Churches Ordered to Refuse Scantily Clad Women Entrance

(BY CABLE AND ASSOCIATED PRESS)

BERGAMO (Italy) Aug. 10.—Any woman who "lewdly exposes her nudity" is to be forbidden entrance to the churches of this district under instructions sent to the clergy by Monsignor Marelli, Bishop of Bergamo.

The bishop says: "Women must enter church decently dressed with head and breast covered, without décolleté and with arms covered. Their gowns must be sufficiently long and without indecent transparency."

Bishop Marelli has also ordered nuns in monasteries which conduct laundries to refuse to wash any articles of clothing which are "indicative of indecency."

WARSAW, Aug. 10.—At a general meeting of the rabbinic here, the entire text of the summer discussion of the latest styles of women's dress, and while some of the rabbis urged action in the Polish congress against indecent clothes, the majority opposed a public denunciation.

## Sister-in-Law of Nitti Hands Yankee Insult

(BY CABLE AND ASSOCIATED PRESS)

ROME, Aug. 10.—An American correspondent named Wells, listening to a concert at Sorrento, was insulted by the sister-in-law of the late Premier Nitti, who was seated near him.

Miss Kitty Persico, sister-in-law of former Premier Nitti, protested and spat in the correspondent's face. Wells remained composed and peace was restored immediately. Political authorities were informed of the incident which apparently will not end here.

## AID GIVEN TO PUT WOMEN IN CONGRESS

Indorsement of Movement Nation-Wide; \$100,000 is Pledged by Coloradoans

(EXCLUSIVE DISPATCH)

WASHINGTON, Aug. 10.—From one end of the country to the other and even from Europe and other parts of the world, American women have written and telegraphed their indorsement of the "women-for-congress" move to be launched at the conference to be held from the 15th to 17th inst. at Westport, N. Y., by the National Woman's party, according to reports received at national headquarters here.

The Colorado branch has pledged itself to raise \$100,000 toward the campaign and will support the candidates indorsed by the Westport conference, according to a telegram received by Miss Alice Paul, vice-president of the National Woman's party, from Dr. Caroline Spencer of Colorado Springs. Dr. Spencer has written and telegraphed her support of the move which she has definitely decided to present to the conference a woman candidate.

Every nation interested in keeping Germany disarmed has a right to demand any investigation necessary at any time, M. Boncour said.

This important change in the main theme of the conference of France's security explains the ease with which Premier Herriot demolished Gen. Nollet's thesis yesterday in the Council of Ministers, when the generals wished to link the

## FRANCE PROPOSES TO LEAVE HER SECURITY IN HANDS OF LEAGUE

BY HENRY WALES

(BY CABLE-EXCLUSIVE DISPATCH)

PARIS, Aug. 10.—Premier Herriot has adopted an entirely new method of regulating Germany's disarmament and presented it to the Council of Ministers last night as the government's program, it is reported tonight as the Premier departed for London. The new scheme places control of Germany's armaments in the League of Nations and abolishes the Inter-Allied Control Commission established under the Treaty of Versailles.

As part of the Herriot-MacDon scheme for making the League of Nations a dominant organism in the political life of Europe this plan will be defended before the League Assembly in September by both Premiers.

HERIOT FOR NEW PLAN  
The "Council of National Defense," the new organization created by Premier Herriot and presided over by Paul Boncour, who is slated to go to Berlin as the new Ambassador, first examined this project and reported. The report was favorable and Premier Herriot said tonight as he boarded a train, "henceforth, I make it my own."

He will present to his colleagues in London—unofficially, because officially the conference has nothing to do with the problem of France's security—the complete terms of the project, which will establish a feasible international control of Germany's armaments and manufacture, and materials utilisable in war time.

Paul Boncour tonight explained that the text of this project was elaborated by the council of the League of Nations at a British suggestion, and then submitted to the French government. In studying the document, made many changes, notably creating the maximum of the discovery of an equal division of the trade advantages in Northern Manchuria coupled with access to the oil deposits in Sakhalin Island.

Japan is making the greatest concessions in order to make a new line-up a success. It asks a comparatively small share in the Manchurian market, regarding the resumption of diplomatic relations between Russia and Japan.

What Japan desires is evidenced by the overtures which are fast drawing to a close. This is an assurance that it will have friendly or co-operate with Japan in the continent, thus enabling it to face its sole and feared enemy to the East.

Mr. Yoshida is now in Peking where he is negotiating with M. Karakhan, the soviet representative in the Far East, regarding the resumption of diplomatic relations between Russia and Japan.

## SING SING WALLS NOT SO DISMAL

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 10.—Life at Sing Sing is so interesting and profitable, due to hygienic conditions and the trades that are taught inmates, that prisoners would not escape if they could, according to a statement made public yesterday by John F. Joyce, superintendent of industries at the penitentiary.

He accordingly has suggested a reduction in the number of guards and an increase in the number of instructors.

## AUSTRIANS ASSERT REDS USE VIENNA FOR BALKAN PLOT

(BY CABLE-EXCLUSIVE DISPATCH)

VIENNA, Aug. 10.—Charges that Vienna is the center of Communist activities for the Balkans, brought by the Wiener Journal this morning.

In detail by Austrian officials in statements issued today. The existence of a \$20,000,000 slush fund for promoting unrest and revolt in the Balkan States as the possible forerunner of a new war and world revolution was disclosed.

The Bolshevik government has long held the theory that without a war a world revolution is impossible. After the failure of the German revolution, which they expected would bring about Allied intervention and possibly a new world conflict, the Russians have turned their attention to the most fertile fields for old man Marx—the little countries of the Balkan Peninsula.

Slaves came to this city with his wife two or three months ago from Los Angeles, where he was engaged in the trucking business. He purchased a Curtiss airplane jointly with Berkemeyer Brothers and took passengers for flights.

This afternoon he flew over the city thrilling spectators with various stunts. Shortly before 4 p.m. he took Lannin up, heading over San Simeon Point to the ocean.

"I saw the plane skimming along above the sea at about 1000 feet," said Ross. "I looked away for a minute or two. Then I glanced out just in time to see the plane strike the water only a few hundred feet from shore. It sank, but the wings floated in."

## Ulster Premier Stands Firm on Boundary Issue

(BY CABLE AND ASSOCIATED PRESS)

BELFAST, Aug. 10.—James Craig, the Ulster Premier, in a manifesto issued to the people of Ulster, says his government has no intention of changing its boundary policy.

He repeats his offer to President Cosgrave of the Irish Free State to settle the boundary question in friendly spirit with the aid of expert opinion.

## AMERICAN DOOMED BY REDS

(BY CABLE-EXCLUSIVE DISPATCH)

Copyright, 1924, by the Chicago Tribune.

BERLIN, Aug. 10.—In transit with prisoners taken from Solovetsky monastery to die amid the eternal snow and ice of the Arctic Circle in a village fittingly called Golgotha, the radical party of Chicago. This last curtain is being rung down on a tragedy which began many years ago, the first act of which was the anarchist Haymarket riots in Chicago and the last act death at the hands of the soviets.

The Goddess of Irony may well puzzle the case of one of America's reddest radicals, slowly put to death by the reddest of radicals, who was the victim of the world has ever known.

Today through secret sources is obtained what is probably the last letter from Abraham Baron.

"We leave tomorrow for Golgotha in the Arctic. It means merely death from cold and starvation. My companions have written their last letter. We leave nothing but sorrow behind us. We have no use to write our wills," writes Baron. He recounts the suffering of himself and his companions and also tells how his wife, Sonia Baron, was executed by a firing squad of Bolsheviks. Sonia Baron, who is also known in Chicago and New York, where for many years she was active among radicals, was imprisoned by the Bolsheviks for radical propaganda.

Abraham Baron was one of those radicals whose remedy to society was to overthrow the world. For this crime the soviets killed her.

## THRILLS FOR THROG END WITH CRASH

(EXCLUSIVE DISPATCH)

SAN LUIS OBISPO, Aug. 10.—An airplane which plunged from an altitude of 1000 feet, carried two men to their death in the bay off San Simeon Point this afternoon.

The victims of the accident are Roy Stiles, 30 years of age, pilot of the plane, and Murray Lannin, a passenger. The latter was a dairyman in the San Simeon district.

The plane struck the water with a crash that was heard nearly a mile distant. Roy Summers, steamship agent at San Luis Obispo, and a man named Rossi, were witnesses of the mishap.

A heavy sea was rolling in which barred any attempt at rescue. The bodies had not been recovered at a late hour tonight. Only the wings of the plane were washed ashore.

Stiles came to this city with his wife two or three months ago from Los Angeles, where he was engaged in the trucking business. He purchased a Curtiss airplane jointly with Berkemeyer Brothers and took passengers for flights.

This afternoon he flew over the city thrilling spectators with various stunts. Shortly before 4 p.m. he took Lannin up, heading over San Simeon Point to the ocean.

"I saw the plane skimming along above the sea at about 1000 feet," said Ross. "I looked away for a minute or two. Then I glanced out just in time to see the plane strike the water only a few hundred feet from shore. It sank, but the wings floated in."

### TROUBLE AHEAD IN DEBT FUNDING

Congress Expected to Fight More Lenient Terms

French and Italian Loans to be Crux of Battle

Lower Rates Than Those to Britain Not Wanted

(EXCLUSIVE DISPATCH)

WASHINGTON, Aug. 10.—Opposition may be encountered in Congress to the scheme for funding the French and Italian debts to the United States on a somewhat more favorable basis than the British agreement.

The proposed plan, as reported to have been discussed informally by American officials with representatives of the French and Italian governments during the past month, cannot be made effective without the sanction of Congress. The consent of Congress to the British debt-funding arrangement was given rather grudgingly and any further concessions to other governments may call forth new opposition.

Congress already has balked on several occasions over the granting of authority for the funding of foreign debts on terms favorable to the debtors.

PLAN REJECTED

The original legislation proposed by the Treasury giving the Secretary of the Treasury broad authority to enter into funding arrangements was rejected by Congress and the bill finally enacted vested limited power in the hands of the World War Foreign Debt Commission.

Under this law the commission was given authority to accept bonds of debtor nations in exchange for the demand obligations and accrued interest thereon. The commission, however, was limited to taking bonds running not more than twenty-five years and carrying interest at not less than 4-1/4 per cent.

The original members of the commission were Secretary Mellon as chairman, Secretary Hughes, Secretary of Commerce Hoover, Senator Smoot, Republican, Utah, and Representative Burton, Republican, Ohio. Demands for Democratic representation led to an amendment of the law authorizing the appointment of three Democrats.

The present Democratic members are Edward N. Hurley of Chicago, war-time chairman of the Shipping Board; Representative Guey, Massachusetts; and Representative Guey, Massachusetts.

FOUND IMPOSSIBLE

The committee found that it was impossible to make any funding arrangements on the basis recommended by Congress. The agreement was reached by the commission with Great Britain for the funding of principal and accrued interest totaling \$4,600,000,000 over a sixty-two year period and with interest at 3 per cent until 1925 and 1-1/2 per cent thereafter.

It was necessary to obtain the specific approval of Congress. The bill granting this approval encountered opposition but with the support of the administration it finally passed through the House of Representatives by a vote of 215 to 175.

The present informal proposal for a five-year moratorium on the interest on the French and Italian debts and with interest thereafter at 2-1/2 per cent over a period of about sixty-five years would mean a further departure from the precedent established in the British agreement. Those members of Congress, such as Senator McKellar, Democrat, Tennessee, and Representative Frear, Republican, Wisconsin, who have criticized the debt-funding program of the Treasury are expected to renew their objections to this latest suggestion.

SUCCESS DOUBTED

It is considered doubtful if anything in the nature of a funding program affecting France and Italy can be disposed of at next winter's session of Congress. The session commences in December and ends in March when the change in administration takes place and a new Congress assumes office. Even if the debt proposals were ready for the consideration of Congress at the opening of the session, it would be difficult to obtain action in both Houses before March 4 in case a controversy develops. It is considered unlikely that the negotiations would be completed by December 1 in view of the disposition not to press the matter. Whether the Congress is Republican or Democratic and whether President Coolidge is re-elected or not then will enter into the situation.

There is a growing belief that President Coolidge will favor participation by the United States in the conference on Allied debts which has been a subject of discussion at the London conference and may take place in Paris within the next few months.

### Con Men Fined; One to Bite on Oldest Game

ST. LOUIS, Aug. 10.—When Tony S. Secorski of Madison, Ill., was shown a money-making machine by two strangers, he thought opportunity was knocking at his door. After seeing the contraption turn out a few crisp dollar bills, Tony readily agreed to draw \$2000 out of the bank and give it to the men, so they all could make a fortune.

When the money had been handed over the men accused themselves and left Tony holding two boards and a box filled with paper clippings, instead of money.

PIONEER DROPS DEAD

OMAHA, Aug. 10.—Mrs. G. L. Young, 65 years of age, pioneer of French descent, died yesterday. She was in her usual good health at dinner time and was walking down town to shop when she pitched forward to the sidewalk and was dead when passers-by reached her side.

HOTEL SACRAMENTO

Sacramento, Cal., the Capital City's leading hotel, has been taken over by the United States Army. The hotel is being used as a barracks for soldiers.

### LANG TOUR FAILURE IS DISCLOSED

Check Shows Passion Play Actors Had No Success in American Sales

(BY CABLE-EXCLUSIVE DISPATCH)

BERLIN, Aug. 10.—Publication of the balance sheets of the Oberammergau players' tour of America reveals a still greater frost than originally was hinted, as orders for wood carving, statuettes and general Oberammergau produce of which samples were carried by Anton Lang and his company, by no means have come to expectations.

Attacks on Dr. Michelson, the impresario who persuaded the Oberammergau players against their better judgment, into undertaking this propaganda enterprise, have not ceased since the first news reached the home village of a reception across the water, and grand than was expected and now have burst into full fury.

The disappointment is all the greater as the slump in holiday tourists to Bavaria affects badly the huge hotel built in Oberammergau to accommodate visitors to the Passion Play. It was advertised widely as ideal for summer vacationists and had been a winter for sports hitherto unknown in the peaceful Bavarian Mountain.

It is felt in Oberammergau that the failure of the tour is a blow to the village, which has been a source of pride and honor for generations.

On this head a very fine gesture is recorded from Rome where the pope has announced the appointment of Anton Lang and his principal fellow-actors as wood carvers to the Vatican.

### FIVE TOTS IN ARIZONA DROWNED

Canals Take Heavy Toll of State's Childhood in Short Space of Time

(EXCLUSIVE DISPATCH)

PHOENIX, Aug. 10.—Arizona ditches lately have taken heavy toll of the State's childhood. Very recently, a 15-month-old child of Joseph Harding, a ranchman, was drowned in a ditch in the St. John's neighborhood, ten miles west of Phoenix.

Near Mesa, in an irrigating canal, a 12-month-old child of R. O. Lopez, the body found after it had passed through three culverts. In a canal at Fort Thomas, Graham county, was drowned a 3-year-old child of Joseph Harding, a ranchman, who was drowned in a ditch in the St. John's neighborhood, ten miles west of Phoenix.

At Alhambra, Cochise county, a 10-month-old child of Mrs. Thompson was drowned in a rain barrel. More fortunate was the 3-year-old son of Petrus Garcia of Miami. The child fell sixteen feet to the pavement, from a second-story window, and escaped with only a scratch on the forehead.

### SUSPECT IS STEADFAST IN DENIALS

St. Louis Man, Accused of Wife's Murder, Unmoved by Third Degree

(EXCLUSIVE DISPATCH)

ST. LOUIS, Aug. 10.—Harry A. Henke is being held in the St. Louis County Jail without bail, charged with the murder of his wife, Marie Henke, who was beaten to death a few weeks ago in her home at Helmsburg, Mo. Henke's stained garments, said to belong to Henke, were exhibited at the inquest.

It was established that whoever committed the crime had carefully washed the blood from the murdered woman's face, smoothed the bed on which she lay and then had taken the blood from the linen soiled in cleaning up after the crime.

Henke has insisted that he knows nothing of the crime and that his first knowledge of his wife's death came when he returned home from work. He said he had left her in bed early the night before and that he had not seen her since.

Subjected him to an ordeal of all-night questioning, mixed with oaths and threats, but he did not change his story in a single detail.

### Seller of Isle in West Indies Sues to Collect

NEW YORK, Aug. 10.—William Ingram of Westgate-on-Sea, Kent, Eng., brought suit in the Supreme Court in Brooklyn against Alexander Luban, to whom he sold the island of Little Tobago in the West Indies. Ingram said he sold the island for \$10,000, and that Luban still owed him \$4800.

Luban, who is a manufacturer of artificial flowers, admitted he had the island but said it was not as represented. Ingram told him there were 600 birds of paradise on the island, but he said he spent \$10,000 preparing to trap them, with the idea of importing them into Florida for breeding purposes. His idea was to sell them to millionaires whose estates they were to ornament.

Luban said that he sent his son to the island to count the birds and he could find only twelve.

DISTEMPER DRIVE AIDED

BOSTON, Aug. 10.—Having devoted most of his life to the betterment of dogs of all breeds, Dr. J. DeMunn, of New York, president of the American Kennel Club, has thrown his weight behind the work of the American Distemper Committee, which is heading the drive in this country to abolish distemper, which annually kills more canines than all other diseases combined.

### GOV. HUNT NOT BEHIND COLTER

Declares Race for Congress is Ill-Advised Move

Candidate Stubborn Enemy of Colorado Compact

Sidney Osborn Again is Out for Governorship

(EXCLUSIVE DISPATCH)

PHOENIX, Aug. 10.—Gov. Hunt is not behind the candidacy for Congress of his old friend and supporter, Fred T. Colter. Far from it. He made this much very plain in a personal interview, "Am I behind it? Not by a d-d sight! I consider it a very ill-advised move."

The Governor didn't say just why he thought the move a poor one, but there is suspicion that it is felt it will add just one more element of opposition to the number that already are making things uncomfortable around the State House.

Colter is said to be under fire of a number of his former political associates, urging him to withdraw in the interest of party harmony. He failed to play up his part in the Eunt faction ever since his entry into politics and has been the recipient of many favors from the Governor in return.

OUT FOR HIMSELF

The time appears to him ripe for personal exaltation on the basis of opposition to the Colorado River compact, a work in which he has been steeped ever since the adjournment of the last Legislature, in which he was Senator from his native county of Apache. He is reported to be determined to continue, figuring that his opponent, Congressman Carl Hayden, must lose by reason of his advocacy of the compact.

Another contribution to the gayety of the campaign was the announcement of Sidney F. Osborn for Governor. It is considered doubtful that he will take enough votes to bring the Democratic nomination either to himself or to the third candidate, E. W. Humphreys, though all things are possible in Arizona politics.

Osborn's candidacy is welcomed by the right wing of the State Democratic party, and has no reason for any leaning toward Samuel. The latter is charged with sympathy for the Ku Klux movement. In Osborn they have a man for whom they can vote for and for whom they undoubtedly will, without regard to his chances for success.

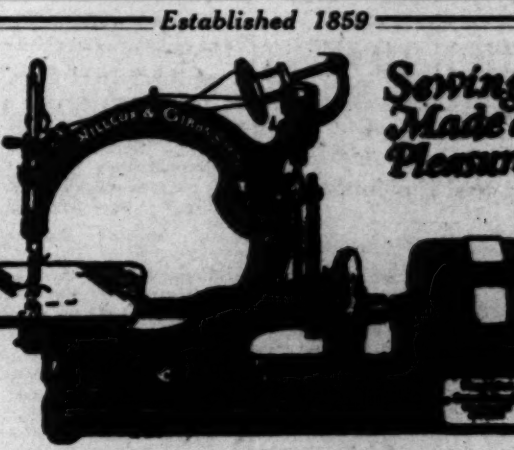

RAN ONCE BEFORE

Osborn has been after the office before. He made a strong campaign for the Democratic nomination in 1918, starting as early as May of that year, but was defeated by Fred T. Colter, who received 54,000 votes to Osborn's 40,000. Judge Fred Butler of Bisbee, a third candidate, representing the conservatives, had more than 10,000 votes. In his campaign at that time, Osborn especially hammered the I. W. W. brand, was considered a compromise candidate between Colter and Butler. But Tom Campbell, Republican, was elected in November.

Osborn is a native of Arizona, son of a family that reached Prescott in 1864 and that helped lay out the townsite of Phoenix a few years later. His father was a judge in the first Territorial Legislature and he was a page in the 1898 Legislature. For two terms he served as Secretary of State, following Statehood. He is said to favor ratification of the Colorado River compact.

EDUCATOR FOUND DEAD

KANSAS CITY, Aug. 10.—C. F. Carls, professor of Greek, senior teacher on the staff of Bethany College, Lindsberg, Kan., was found dead in his room yesterday. Dr. Carls had been connected with the teaching staff of the institution since 1899.

## NATION TO HEAR COOLIDGE SPEAK

Radio to Carry Address at Official Notification

Ceremony at Washington on Thursday to be Open

Mondell Will Bring Message of Recent Convention

WASHINGTON, Aug. 10.—Virtually all details of the arrangements for the ceremony notifying President Coolidge of his nomination next Thursday night are complete, Chairman William M. Butler of the Republican National Committee announced today. Arrangements made for broadcasting the speech, according to telephone officials, will assure President Coolidge the greatest audience ever addressed by any man in this country or any other country. The address will be transmitted direct by long-distance telephones to about fifteen high-powered broadcasting stations which will assure the carrying of the President's voice from the Atlantic to the Pacific and to ships at sea. Among the stations that will pick up the speech of acceptance from the station of the Chesapeake and Potomac Telephone Company here are WGN, Chicago; WEA, New York; WJAR, Providence; KDKA, Pittsburgh; KSD, St. Louis; WDAY, Kansas City; WGB, Buffalo, N. Y.; WNAC, Boston, and WGY, Schenectady.

The ceremony will be held at 3 o'clock on the evening of the 14th inst. in Memorial Continental Hall, the home of the D.A.R. President Coolidge's notification ceremonies, it was stated, will be in no sense an exclusive affair. The hall will be thrown open to the public at a time yet to be designated and as many as can be accommodated will be seated.

A large overflow is expected and because of this desire on the part of a large number to witness the ceremony, the outside of the hall will be equipped with amplifiers. This assures participation direct by the crowds whom it would be impossible to provide with seats. The seats that have been reserved are only for prominent Republican men and women associated in the conduct of the campaign and for the members of the press, so that the meeting will be to all effects and purposes an open one. Chairman Butler will preside and call the meeting to order as soon after 3 o'clock as possible. The proceedings proper will begin with the usual invocation, whereupon Frank W. Mondell, chairman of the notification committee, will deliver the message of the Cleveland convention to the President.

## AUCTION

Household Goods Today, August 11th at 10 A.M.

152 So. Serrano St.

## ALL'S NOT LOST IN EUROPE YET

German Beer Still Good: Wales Regular Guy, Says Kiel

ST. LOUIS (Mo.) Aug. 10.—Mayor Kiel of this city has just returned from a trip to Europe, where he went with the St. Louis delegation of advertising men. Two things made a great impression on the Mayor. The first was the excellence of the German beer and the other was the democratic attitude of the Prince of Wales. "St. Louis would be about perfect if it had the good wines of France and the surpassing beer of Germany," said the Mayor. "I found the Prince of Wales as democratic as any American could be. Why, he got out among our bunch in London and mingled around like an old-time politician. He's as democratic as an Alderman at election time."

Why, he got out among our bunch in London and mingled around like an old-time politician. He's as democratic as an Alderman at election time."

## MUSICIANS IN CHICAGO THREATEN

Thirty-five Theaters Face Walkout if 10 Per Cent Increase is Refused

CHICAGO, Aug. 10.—Thirty-five downtown theaters may be closed September 1 or an attempt made to run them without music, because of a strike of musicians impending on that day. These theaters include the burlesque, dramatic combination houses, vaudeville and musical shows, all of which depend largely on their musical programs. James C. Petrillo, president of the Federation of Musicians, has refused to accept a compromise offer of a 5 per cent increase in pay for the 100 musicians employed in these theaters and insists that the original demand of a 10 per cent increase be met by theater owners.

Mr. Petrillo received a letter signed by Harry J. Ridings, manager of the Theatrical Managers' Association, stating that the theaters could not meet the increase asked for and would refuse to pay it, but offering the 5 per cent increase.

## ODD FELLOWS MERGE IN EASTERN MEETING

ROCHESTER (N. Y.) Aug. 10.—The "United Order of Splendor and Perfection" has come into existence through the merging of the Oriental Order of Humility and Perfection, the Advanced Order of Odd Fellows of the eastern part of the country and the Knights of Oriental Splendor from the South. The new name was adopted yesterday at an international meeting. It is believed that the new title will meet with approval of the Muscovites, the organization of the Western Odd Fellows. Agreement to change the name was made at last year's convention in Cedar Rapids, Iowa.

## SEAPLANE PILOT SETS WORLD SPEED RECORD

PARIS, Aug. 10.—The French air pilot Burri at Bonnières yesterday established a world record for a seaplane. Burri covered 500 kilometers at the speed of 123 kilometers 44 meters an hour. The previous record was held by Lieut. M. A. Schur.

## FORD REFUSES TO ENTER RACE

Declines to Run for Senate Despite Primary Petition

Gives No Hint of Action to Keep Name Off Ballot

Expresses Desire to Learn About Michigan Affair

SOUTH SUDBURY (Mass.) Aug. 10.—Henry Ford, resting at his Wayside Inn here, tonight declared he will not become a candidate for the United States Senate even in the face of reports from Lansing, Mich., that he became an involuntary candidate for the Republican nomination when petitions containing sufficient signatures to place his name on the primary ballot September 2 were filed with the Secretary of State.

Mr. Ford was emphatic in his declaration "I am not a candidate and will not be one."

He gave no hint as to what action he will take to prevent his name from going on the ballot, excepting a desire for more details of the circumstances that had brought his name into the Michigan primary before elaborating on his simple statement that he will not run.

## TEN DAYS ALLOWED TO ELIMINATE HIMSELF

LANSING (Mich.) Aug. 10.—Henry Ford, six years ago a Democratic candidate for United States Senator and now an involuntary candidate for the Republican nomination for the same office, has ten days in which to eliminate himself from the lists in the state-wide primary, September 2.

Charles J. Deland, Secretary of State, who accepted nominating petitions for the Detroit manufacturer, made this announcement today after obtaining a ruling from the State Attorney General's office. Mr. Ford's name will go on the ballot, the Secretary of State declared, unless a letter, telegram or received from him before the ballots are printed ten days hence, asking that his name be withdrawn.

## HARROP WANTS HIM TO LEAD IN NEBRASKA

DETROIT, Aug. 10.—Roy M. Harrop, Vice-Presidential nominee of the Peoples' Progressive party, announced here today that he would demand that the name of Henry Ford be placed on the ballot in Nebraska as the Presidential candidate of the Progressive party. He declared he would protest against the placing of Senator La Follette's name on the ballot as the party's Presidential candidate and also would object to the certification of Dan C. Butler as the Progressive party's candidate for Governor.

Mr. Harrop declared Henry Ford had received the Presidential endorsement in the Nebraska primaries. His objection to Senator La Follette, he said, was based on the Senator's stand against the Ku Klux Klan.

"Senator La Follette," he said, "has raised a religious question in Nebraska."

"My objection to Dan Butler," he added, "is that he is a Democrat and not a progressive."

## Chief Oshkosh Scion is Held in Girl Attack

NEBIT (Wis.) Aug. 10.—Reginald Oshkosh, a lineal descendant of Chief Oshkosh of the Menominee Indian Reservation, was held today by the parents of a 13-year-old white girl.

The crime with which he is charged was discovered when the girl's parents intercepted a letter written to the girl by Oshkosh. The entire white population of this community has been aroused by the crime.

Oshkosh is about 30 years of age, and holds the position of Chief of Police on the reservation. His bonds were supplied by E. A. Allen, agent at the reservation.

## INDIANA SCHOOL BOARD FAVORS BOBBED LOCKS

INDIANAPOLIS, Aug. 10.—The Blackfoot County board of Education has passed a resolution favoring women teachers of the county that they may bob their hair without fear of losing their position, according to word from Hartford City.

The resolution even went further, assuring the board that the members of the board, regarded bobbed hair as becoming.

## NEW METHOD HEALS RUPTURE

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary.

Kansas City, Mo.—(Special)—A new discovery agrees, and is no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrew, the well-known Hernia specialist of this city. The extraordinary success of the new method proves that it holds the key to a cure. It weighs only a few ounces, is as comfortable as a light garment, and has enabled hundreds of persons to throw away trusses and declare their rupture healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrew's ambition to have every ruptured person enjoy the same relief, comfort and healing power of his discovery, and he will send it on free trial to any real doctor who writes him at his office 1811 Koch Bldg., Kansas City, Mo. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture, write him today. —Advertisement

## John Reed wanted his skull to be an actor

JOHN REED, for forty years gas lighter at the Walnut Street Theater in Philadelphia, evidently held secret ambitions to be an actor. By his Will, he contrived to play a part in Shakespeare. He instructed that his skull, properly prepared, be carried to the theater and there be used when needed to represent "poor Yorick."

"To this end," he wrote, "I bequeath my skull to the properties."

Volumes could be written of strange things about Will, but quite the strangest of all may be told in these few words: *Ninety-four men of every hundred neglect their Wills and go before they have provided their families this protection.*

Don't postpone your Will! Remember Napoleon's words, "Every hour of delay brings a chance of evil for the future."

Old age, with feebleness and lack of capacity, or a death bed, are neither the time nor place to calmly consider the distribution of property.

The booklet, "Your Executor and Trustee" discusses in detail this important subject. Ask for a copy.

## MIRAGES IN FLYERS' PATH

Army Observers Plan to Warn World Aviators of Illusions on Sea Off Labrador

BY JOE PIERSON (EXCLUSIVE DISPATCH)

INDIAN HARBOR (Labrador) Aug. 10.—Army observers were surprised today by an extraordinary phenomenon peculiar to Labrador, which fishermen call a loom. These looms are sea mirages appearing mostly in one direction, but covering vast sweeps of the horizon with a clearness which cannot be distinguished from reality at a distance of eight miles.

Scientific records contain only a meager record of these looms and their descriptive images are being carefully studied with a view to checking illusions which might deprive the American "round-the-world flyers of the charter of landmarks and throw them off their course into remote parts of the Labrador coast.

The day was wonderful and the sea unusually smooth, which, under ordinary circumstances, would make the flyers' landing task easy. However, experts went out into the open sea and looked back toward the rocky islands which surround the opening of Harbort inlet, where anchors and supplies await the flyers' arrival. Despite the clearness of the air, the large twenty-mile opening to the inlet seemed to be one solid wall of granite, like the palisades of the Hudson, while to the north there appeared illusions of lofty mountains covered with ice sheets.

In the middle of the distances appeared icebergs, and to the south, apparently about ten miles, arose two columns of marble whiteness, apparently high enough to which do not exist in such locations. Sticks appeared where the islands actually lay forth rocky promontories on this barren coast.

Experts discussed whether these puzzling distortions of the atmosphere would appear more clearly to the aviators 2000 feet aloft. The destroyers carry no aviation present itself for a report to guide the world flyers. Should the looms present a possible danger it is believed the situation can be solved by sending flyers out to meet them and pilot them to Harbort inlet.

On returning to Indian Harbor the loom gradually dissolved, but the vision of land conformed with the chart only when actual distance of about five miles distant.

Top price for seats at the Phipps vs. Willis boxing bout at Boyle's Thirty Acres, Jersey City, September 11, will be \$25.

NEW TAX PLEAS  
BODY FUNCTIONS

Eight Appeals From Internal  
Revenue Findings Filed

First Public Hearing to be  
Soon After 15th Inst.

Cases Speeded Up to Avoid  
Congestion on Calendar

[EXCLUSIVE DISPATCH]  
WASHINGTON, Aug. 10.—Appeals from rulings of the Commissioner of Internal Revenue have been filed with the Board of Tax Appeals in eight cases and hearings will be set as soon as the formalities are completed.

The eight cases affect the following taxpayers: John H. Parrot, Roanoke, Va.; Everett Knitting Works, Lebanon, N. H.; B. O. Chapman, St. Paul, Minn.; A. H. Stange Company, Merrill, Wis.; Clark Malone, Inc., Company, Birmingham, Ala.; Kinsal Lumber Company, Merrill, Wis.; Mary P. Eno, Stettin, N. Y.; Alamo Motor Company, El Paso, Tex.

The cases have been docketed and the next step is the filing of answers to the findings of the Board of Tax Appeals. The answers are being written and will be filed within the next few days. It will then be in order to set dates for what will be the first public hearings under the provisions of the new law. Officials are anxious to hold the first hearings soon after the 15th inst. but there may be requests for additional time and no hearings may actually start before September.

CONGESTION AVOIDED  
In order to avoid congestion on the calendar of the board, it is the purpose of the new law, as much as possible within the restrictions established by Congress, to fill the calendar with cases which will reach the board of tax appeals in the most cases, which will reach the board of tax appeals in the most cases, which will reach the board of tax appeals in the most cases.

Under the new procedure of the Internal Revenue Bureau the tax cases go through several stages before they reach the Board of Appeals. Field agents in auditing returns first recommend the levying of an additional tax. This recommendation is then a subject of conference between a taxpayer and officials of the Internal Revenue Bureau. If no agreement is reached at this conference, the taxpayer may file a protest and obtain a hearing before the review.

Under the new procedure of the Internal Revenue Bureau the tax cases go through several stages before they reach the Board of Appeals. Field agents in auditing returns first recommend the levying of an additional tax. This recommendation is then a subject of conference between a taxpayer and officials of the Internal Revenue Bureau. If no agreement is reached at this conference, the taxpayer may file a protest and obtain a hearing before the review.

CHANCE TO LEARN  
LINTYPE TRADE

Lintyping is one of the best-paid trades. It is easily learned by the average man or woman. There is a great necessity for linters throughout the United States. For price of tuition and other information, inquire at 419 Wilcox Building or telephone Vandrake 8768.

A NEW FREIGHT CAR RECORD

[EXCLUSIVE DISPATCH]  
NEW YORK, Aug. 9.—The railroads made a new high record in freight when, as disclosed by statistics of the Interstate Commerce Commission which have just been issued, they handled 42.1 freight cars in the average freight train. This is the largest average number of cars ever moved per freight train in history. The nearest approach ever made to this record was in October, 1923, when the average was 41.3.

## WEEKS LAUDS D.A.R. STAND

Thanks Women's Society for Letter in Support of Plans for National "Defense Test"

[EXCLUSIVE DISPATCH]  
WASHINGTON, Aug. 10.—The Secretary of War has written the following letter to Mrs. Anthony Wayne Cook, president-general of the Daughters of the American Revolution, in acknowledgment of her letter of the 1st inst., pledging the support of twenty-seven veteran and patriotic societies to the "defense test."

"My dear Mrs. Cook:  
Upon my return to Washington I was gratified to find upon my desk your letter of August 1, informing me that twenty-seven patriotic and veteran societies have endorsed the defense test. I know that these large and representative organizations must speak directly or indirectly for many millions of Americans.

OUTSIDE OF POLITICS  
"Such action definitely places the defense test above politics and prevents its exploitation for political expediency. The patriotic and other societies supporting the government's policy are distinctly nonpartisan. Their membership consists of Americans who have banded themselves together to promote the welfare of their country, and to support measures like the defense test. The cooperation that is forth coming from the Governors of States is of the same praiseworthy character. Every indication is that their support on September 12 will be nearly unanimous.

REQUEST MISUNDERSTOOD  
"There is a misunderstanding of the War Department's request that governors and mayors appoint citizen committees to direct and coordinate defense test activities in their respective States and cities. The fact that these are designated as mobilization committees has led some to infer that they are to mobilize all our manhood and all our resources on September 12. This, as you know, is far from our purpose. We requested the appointment of these committees in the event of war. We have requested these committees to demonstrate, with the assistance of such citizens as might volunteer their services, how they would expand the units under their jurisdiction. It is important that the Federal government, as well as the people, have information on this subject. As a result of the reports received, we will be able to recommend to all States and to all communities, an ideal plan. I am certain that the societies you have named could furnish enough volunteers without going outside of their own ranks.

"The same misunderstanding led to the false conclusion that a holiday had been asked for. The War Department has not attempted to say to any State or city whether a holiday should be declared or not. Each knows its own situation. The War Department, however, has not proposed a national holiday, partly because of the proximity of Labor Day. It is as well pleased if each city held its demonstration late in the afternoon, or early in the evening. As the President has pointed out, his is to be a voluntary movement on the part of our citizens.

NEED OF CIVILIANS  
"The need for civilian participation has even been questioned. Those raising this point misunderstand either our military organization or our plans. They evidently do not realize that more than half of the present members of the Army of the United States are civilians, that the army will be expanded in an emergency by the addition of more civilians, and that civilians will direct this expansion.

"I take this opportunity of thanking you personally for the services you have rendered in coordinating the unofficial support of the 'defense test.' In so doing you have demonstrated the finest type of peace, the nature of the services which will necessarily be required, in time of emergency, of those persons who hold a prominent position in the national patriotic societies.

[Signed]  
"JOHN W. WEEKS,  
Secretary of War."

LARGE PACK  
OF HERRING  
IN PROSPECT

Indications Are Bright to  
Break Vancouver Mark in  
Fall Fish Season

[EXCLUSIVE DISPATCH]  
VANCOUVER (B. C.) Aug. 10. Exceptionally good prospects for the herring season, which starts in October, are being viewed with more than ordinary interest this year as the value of the industry to the Province was particularly noticeable last year when 65,339 tons of salt herring were shipped to the Orient.

Of this quantity about 45,000 tons were shipped from the west coast of Vancouver Island, 17,800 tons from the east coast of the island, and the balance from northern packing plants. To make this export of more than 65,000 tons it required 22,000 tons of salt, 9,300,000 feet of lumber for boxes, 174 tons of nails and 4,000,000 feet of wire, besides the herring.

All this material goes with the fish and helps constitute the total tonnage moved from the port. An endeavor is being made to have the herring fishing season close February 1 each year, as it is claimed that the fish packed after that date are not good for the markets in foreign lands.

**Work to Start Today for New Covina Hospital**  
Ground will be broken tomorrow for a new Covina hospital at the corner of Cottage Drive and Fourth street. The hospital, which was designed by Thomas A. Barr, and which will be built by Dan Callahan, will cost \$25,000, with an equipment valued at \$10,000. The purchase price of the site, which faces Covina Park, will be paid by the city of Covina. The hospital will be operated by the Misses Lavina Graham, Mary Graham and Mary Graham, who came to Covina two years ago from Cleveland, where they had established a hospital. They opened a small hospital at the corner of Badille and Second streets. The validity of the \$200,000 issue of high-school bonds now being established in Covina, the high-school board will proceed with the building plan, which has been delayed for many months.

**FARM LAND PROJECT**  
Imperial Valley Acres Will Be Made Ready for Cultivation  
CALIFORNIA, Aug. 10.—Two thousand acres of raw desert land near Calipatria, regarded one of the most fertile districts in Imperial Valley, are to be leveled and made ready for cultivation by John T. Collins. A contract has been awarded Collins by the Imperial Valley Farm Bureau, which has been authorized to make this work at a cost of approximately \$50,000. The land is to be ready for farming this autumn and will have added nearly 8000 acres of land to the cultivated area of the north and of the valley within two years. Much of the new land is to be planted to alfalfa and barley.

**INVEST IN ROADS**  
GLENDALE PLANS TO SPEND HUGE SUM  
GLENDALE, Aug. 9.—Contracts for road work already under way or to be started in the immediate future amount to \$1,350,000, according to figures compiled by Ben F. Dupuy, city engineer. Included in these contracts are twenty-four separate jobs the most important of which is the widening and straightening of the main highway, which will cost \$270,000. The completion of this piece of work will reduce the distance between Glendale and the city limits, and will relieve the congestion on Brand street. Contracts for the work on Brand street are yet to be included. Mr. Dupuy said that as soon as possible this will be done. The work on Brand street is being done at a cost of \$100,000 for the entire distance between the north and south city limits. The Board of Supervisors have decided to spend \$50,000 to help meet the cost of the road work. Six feet between curbs and will have ten-foot parking space on each side making it one of the finest highways in the State.

By a "Times" Staff Correspondent  
VENICE, Aug. 10.—Bonds for all contracts on the additions and improvements to elementary schools including the Abbot Kinney, Abraham Lincoln, Machado, Florence Nightingale and Betty Ross have been approved by the Board of Education, is announced by Paul Burkholder, president. The board also taken action to renovate several bungalows at the Lincoln and Abbot Kinney schools to be ready for occupancy by the next school term.

**"TIMES" CORRESPONDENTS AND AGENTS**  
For the convenience of Times patrons in the principal cities and towns of the United States, the following list of correspondents and agents is published. All business agents will receive subscriptions and advertising.

**ATHLETIC FIELD FOR ORANGE HIGH CO-EDS**  
ORANGE, Aug. 10.—Orange high school co-eds will have an athletic field of their own next year. It is learned with the announcement that the school had leased two lots on North Glassell street, to place a new building for this purpose. Last year, the co-eds were forced to shift from place to place whenever they indulged in various sports. With the new playground, which will be completed by the end of the year, it is also announced that two additional tennis courts have been installed at the school.

**RANCH ACRES BOUGHT**  
CALIFORNIA, Aug. 10.—H. J. Rayley of Los Angeles, purchasing agent for the Pacific Coast, has bought 100 acres of land in the valley. This is one of the largest ranch land transactions in several years.

**SHOW BY REALTY MEN**  
BELL, Aug. 11.—Real estate men of the local association are to become actors for a short time. They are going to present a show on the evening of the 28th inst., when they will stage a vaudeville entertainment. The proceeds are to be used in purchasing a banner which will accompany the Bell real estate men to Pasadena, when the State convention is held there in October.

**BURGLAR SUSPECT HELD**  
MONROVIA, Aug. 10.—Rosario Roma, Mexican, charged with attempting to rob the Duarte store of S. Wilson, the Post Office Boulevard at Duarte the night of July 21, last, has been bound over to the State Court for trial on the charge of burglary, by Judge Clyde Burr.

**TERRIER SHOW ANNOUNCED**  
By a "Times" Staff Correspondent  
LONG BEACH, Aug. 10.—The Queen City Terrier club announces its second annual specialty show for Saturday, the 23rd inst., in this city, the location to be announced later. E. L. Forrester of Long Beach is superintendent. The entry list will open the 14th inst., at 244 Fourth street, Long Beach.

**DRIVES FOR CANYON**

## NORMAN MACBETH DEFEATS IVAN THORSON IN WILSHIRE GOLF FINALS

Bengals Beat Oaks Both Games, 5-3, 16-3; Seraphs Take Series From Seals

### HOMER SETTLES FIRST CONTEST

Denny Murphy's Sweet Beats the Great Oaks

Penner Turns in Twentieth Victory of Year

Christian Has Easy Time in Closing Struggle

BY ROBERT E. RAY  
Bill Mack's battering Bengals lifted their way to a twin victory over the Oaks in yesterday's Sabbath bill, won the series, climbed back into third place and played havoc in general with the peace of mind of one Ivan Howard, who manages the Oaks and has penitent aspirations for his charges.

The first game was what is technically termed a "tull," meaning that it was one of those kind of games that please the cash customers and all those present except the members of the losing team. A home run with one on by Denny Murphy in the ninth inning gave the Tigers a 5-to-3 victory. There were two out when the great arrived. In the second game the Bengals battered Boehler, Murchio and Harris for sixteen hits and sixteen runs while Jimmy Christian, who beat the Oaks earlier in the week, held the Howard men to three markers.

**SPOIL OAKS RECORD**  
Taking the series from the Oaks ordinarily wouldn't mean much, but the Tigers' feat in winning the odd game this week meant something, for it was the first series the Oaks have dropped for over two months. Until they met the Bengals, Ivan Howard's charges had won seven series and split one. Mack's deserves added praise for stopping the Oaks, for he did it without the services of two of his star hurlers, Bryan and Shellenback, who are on the injured list.

The home-run hitters were again active, three circuit swats being registered by the reaping angels. "Buz" Arlett was the first to bring out the heavy artillery, smashing one of Penner's offerings into the right-field stands in the second inning of the after-dinner struggle. It was the twenty-third of the season for "Buz." Murphy, whose swat has already been dwelt upon, and Mike Menosky were the other circuit clouters. Murphy's blow went over the tallest part of the left-field wall, while Menosky's landed in the in-

(Continued on Page 10, Column 1)

## MACBETH WINS RACE SOUTH

Plots R-Boat to Victory in Dash to Big Regatta at San Diego; Diablo Also Stars

BY WALDO DRAKE  
[EXCLUSIVE DISPATCH]  
SAN DIEGO, Aug. 10.—Los Angeles yachtsmen had a big day in the first of the annual second Pacific Coast regatta, by sweeping the 100-mile ocean race from Los Angeles Harbor. Ben Macbeth, who sailed the R-sloop Debra, and Bob Pedder with the schooner Diablo, upheld the dope experts by trimming the fleet after both starts.

The yachtsmen were in the lead when they made off at 9:10 a. m. and led the fleet for the greater part of the race. The Debra, all of the time, kept the fleet in the lead, and the Debra, all of the time, kept the fleet in the lead, and the Debra, all of the time, kept the fleet in the lead.

With all the activity yesterday and the constant arrivals of skippers in a strange port, there was but one accident to mar the opening day. Commodore Herbert Cornish of the California Yacht Club, ran his palatial cruiser Mandarin on the sandbar off Coronado in the afternoon, but considerable trouble in warping her off with the ebbling tide.

Tomorrow will be a day of rest for the skippers and crews before the trophy program opens Tuesday. The trophy program opens Tuesday. The trophy program opens Tuesday. The trophy program opens Tuesday.

On the four following days there will be races each afternoon for Class R sloops, schooners, yawls and ketches, handicap sloops, star class sloops and the morning power-boat and cruiser events.

Joe Fellows has arrived with his champion Liberty-motored Two Fellows and with him is Al Penner, who has the Liberty-motored Strike II and the Lucky Strike II. The two Los Angeles Gosses will defend the honor of the entire Pacific Coast against the San Diego boats, whose most formidable contender is the San Diego and Miss May Jay.

Everything points to a big week of exhilaration. A big program of social events in the evening and an interesting program of social events in the evening and an interesting program of social events in the evening.

MONDAY MORNING, AUGUST 11, 1924.

## CAMERA STUDIES OF RINGSTERS ON ATLANTIC COAST

In the upper right is shown Luis Pirpo, Argentine heavyweight, who has opened quarters at Saratoga, N. Y., where he is training for his bout with Harry Wills. The picture shows him studying a copy of Grey's Ziggy. Benny Leonard, lightweight champion of the world, appears in the upper left. He is on the fighting end of the goat and appears to have the animal quite under control. Benny is training at Tannersville, N. Y., to handle Mickey Walker on August 20. Jack Renault, Canadian heavy, is shown below. The Canadian tackles Bartley Madden in New York tonight. (P. & A. Photos)

### BLAKE BUSTS SWIM RECORD

Trims Field of 142 Men in Silver Gate Event

Viola Hartman Also Sets New Record in Women's Race

Los Angeles Athletic Club Athletes Grab Cups

BY FRANK HOWE  
[EXCLUSIVE DISPATCH]  
SAN DIEGO, Aug. 10.—Fred Cady took two of his Los Angeles Athletic Club swimmers to San Diego for the Silver Gate swim, pitting Tom Blake as his lone entry against 142 other masculine swimmers and Viola Hartman as the sole L.A.A.C. competitor against 48 other women.

In the first race, the women's grind across the Silver Gate, Miss Hartman not only piled up a sixty-yard lead over her nearest competitor but cut the record from 9m. 11 2-5s. to 8m. 11 2-5s. The mark made three years ago by Florence Chambers, to 7m. 13s., nearly two minutes faster time.

**SETS RECORD**  
Not to be outdone by Viola's wonderful performance, Tom Blake took out like a scared sea lion and chopped the former men's record of 9m. 18 1-2s. down to 6m. 49 4-5s.

The two races were noteworthy for many things. One of them was Viola Hartman's emphatic come back after a long absence from swimming. Too much praise cannot be given this girl for her performance. Not only did she outdistance her three-score rivals by a tremendous distance, but she finished fresh as a daisy. While on this subject, it may not be amiss to observe that Tom Blake finished as fresh as a daisy. This man Cady must have something as a trainer that not every one possesses. Swimmers, who made much less time and who were touted as highly as Fred's entrants, were dropping around the finish line totally exhausted. Miss Hartman and Blake hopped cheerfully out of the water and seemed almost as fresh as when they started. They were posing for the photographers ten seconds after they finished.

The next most noteworthy thing was the finish of the men's race. Oh, boy! If there ever was a thriller, this was it. Tom Blake, Reginald Harrison and national intercollegiate champion, Alan Harrington, San Diego, Cal., who ranks number four in the junior lists, is also looked to as a trouble maker for Lott as is Cranston Holman, San Francisco, number nine in last year's ranking.

A week of diversion as well as playing has been planned for the visiting youths. This will be topped off with an exhibition match between William T. Tilden, national champion, and A. H. Chapin, Springfield, Mass.

**Helen Wills Defends Her Title Today**  
[EXCLUSIVE DISPATCH]  
NEW YORK, Aug. 10.—Miss Helen Wills will defend her women's national tennis title on the courts of the West Side Tennis Club in Forest Hills tomorrow when play in the national tournament opens.

Seeded players are Mrs. Molla B. Mallory of New York, No. 2; Miss Eleanor Goss of New York, No. 3; Miss Edith Sigourney of Boston, No. 4; and Miss Martha Bayard of Short Hills, N. J., No. 5, drawing places in the upper half of the bracket, and Miss Helen Wills of California, No. 1; Miss Mayme MacDonald of New York, No. 6; Mrs. Marion Z. Jessup of Wilmington, Del., and Miss Mary K. Browne, Santa Monica, Cal., in the lower half.

Play starts at 2 p. m., with Mrs. Mallory opposing Miss Coronado Winn, and Miss Bayard meeting Mrs. James McMillan.

Other matches for tomorrow are Miss Mary E. Browne against Mrs. S. H. Warring; Miss Eleanor Goss against Miss Marguerita Glin; Miss Helen Wills against Mrs. L. C. Beaupre, and Mrs. Marion Z. Jessup against Mrs. Bronson Batchelor.

Helen Jacobs, ranking junior girl tennis player on the Pacific Coast, and Cranston Holman, No. 1 among the junior boys, will arrive for national honors. Holman will play in the junior class at Chicago, August 11. Miss Jacobs is 15 years of age and has recently been showing exceptional skill. She will first go to Boston where Mrs. George Wightman will prepare her for the national tourney for girls at Philadelphia, September 10.

## OPEN PLAY FOR BOYS' NET TITLE

George Lott, Jr., Defends National Championship in Tourney at Chicago

BY A. F. NIGHT WIRE  
CHICAGO, Aug. 10.—Chicago will be host to its first national tennis tournament tomorrow when the national junior and boys' events get under way.

George Lott, Jr., Chicago's stellar entry, will defend his title as national junior champion for the last time. Another local player will be Emmet Pare, national clay court junior champion, and doubles title holder.

Lott's chief opposition is expected to come from Horace Grace, New York school boy and national intercollegiate champion. Alan Harrington, San Diego, Cal., who ranks number four in the junior lists, is also looked to as a trouble maker for Lott as is Cranston Holman, San Francisco, number nine in last year's ranking.

A week of diversion as well as playing has been planned for the visiting youths. This will be topped off with an exhibition match between William T. Tilden, national champion, and A. H. Chapin, Springfield, Mass.

## SIX RACES SCHEDULED AT CULVER

Young Announces Program for Opening of Dirt Track Racing Next Sunday

Six races, including a special event, are scheduled on the first program of the Western Racing Association for the Culver City track next Sunday, according to announcement made late yesterday by President M. M. Young, from his offices, 302 Chapman Building. Five regular and one special event will be the features of the initial race of races sanctioned on a local dirt track by the American Automobile Association, the parent body of auto races.

Events, distances and limitations follow:  
(1) Ten-mile sprint, limited to eight board speedway drivers.  
(2) Ten-mile sprint; six dirt track drivers.  
(3) Ten-mile sprint; six or more dirt-track drivers.  
(4) Semifinal ten-mile sprint; fastest three cars from each of second and third races.  
(5) Special event. Attempt to lower track record for one mile, one lap with flying start. Open to all entrants, racing against time.

Entries will close at midnight tomorrow at the offices of the association. A complete list of drivers and cars entered will be announced by President Young on Wednesday.

**Hepburn Wins National Bike Championship**  
[EXCLUSIVE DISPATCH]  
MILWAUKEE (Wis.) Aug. 10. Ralph Hepburn of Los Angeles, ace of the motorcycle dirt track riders of the country, won the 25 mile national championship race in the 61 class with side car before a crowd of 20,000 at the State fair here this afternoon. Hepburn covered the distance in 22:10 4-5. Hepburn took the lead on the tenth lap when Dynamite Scott, who had been to the fore was forced out with motor trouble. Scott returned to the race and finished second with Roy Olds trailing for third place.

In the 15 mile event for machines in the 30-40 solo class national championship, race Jim Davis of Columbus, Ohio, took first place when he met around the track with Red Parkhurst of Milwaukee third. The track was in excellent condition following the drying-out process after the recent heavy rains and was equal to any in the country on which to develop speed, according to E. C. Smith, national referee.

**OBSERVATIONS**  
BY THE INNOCENT BYSTANDER  
BILL HENRY  
When Tommy Gibbons knocked Mr. Bloomfield for a sleazebag Saturday afternoon he simply proved once more that English fighters can't put up a fight against somebody who hurries them. Until they develop a flood of aggressive batteries over there they are never going to have anybody capable of standing up against the sort of a campaign waged by the top-notchers over here. If our fighters would stand off and box nicely, as gentlemen should, the English scrappers could do very nicely, but when we get rough and upset their calculations they're all done for the day.

Georges Carpentier proved that theory half a dozen times and so have a flock of other fighters. If Carpi had been willing to stand back and box with the Englishmen he would never have knocked over the bunch of them that he has. But Carpi saw that they didn't know how to meet a rushing attack such as American fighters use and as a result he has had unflinching success against England's boxers.

The last night I fought McLeslie of Great Britain, a Scotch boy, who had beaten Hay Fox of San Francisco. I knew he was tough. The first round I hit him with left hook after left hook. I hit him with everything, but he wouldn't go down.

Average American Dempsey has carried aggressiveness to the limit and is the most savage animal in the history of the ring. There have been others who attacked as furiously, but none with the deadly accuracy and terrific power that Dempsey has.

## ANGELS SPLIT DOUBLE-HEADER

Williams Baffles Krugmen in Morning Tilt

Ninth-Inning Rally Gives Seraphs Second

Beck and Whaley Drive Out Home Run Swats

[EXCLUSIVE DISPATCH]  
SAN FRANCISCO, Aug. 10.—The Seals broke even with Los Angeles today but lost the series. Lefty Williams pitched them to a 5-to-0 win in the morning, but Oliver Mitchell and Pat Shea combined could not stop the Angels in the afternoon. They won, 7 to 4, and walked off with the long end of the series, taking four of the seven games.

Lefty Williams pitched a whale of a game in the morning and he was supported as a championship team should support its pitcher. Bert Ellison crashed a home run in the fifth inning with the bases bulging which proved to be the knockout punch for Tom Hughes. Pete Kilduff batted Ellison home in the eighth when Weinert was pitching, but that run was not needed, for Williams finished strong as a lion.

When Ellison popped out in the first inning with the bases full, it looked as if Tom Hughes would both the Seals. He did both them, too, for four innings, for they would get the first man on and then could not advance him. But Ellison finally landed in the fifth and then it was all over.

**UNCLE BEN APPEARS**  
In the afternoon Uncle Ben Meyers came out from seclusion to pitch against the Seals. Whaley gave him something to work on by clouting a home run in the first inning. But Andy Varga wiped out that lead by hitting a home run in the fourth, scoring, two men ahead of him.

Ordinarily Mitchell would win with that kind of a lead, but Mitchell has looked anything but impressive his last two starts. Cruise got a single in the sixth. Durst followed with a double and Hood scored both men with a long single, tying the score.

The score remained tied until the ninth when the Angels stepped out and won. Mitchell began badly by hitting Durst. Hood rammed a line-drive down the left-field foul line and Durst foolishly tried to score. He was pinched at the plate when Warner threw to Mulligan who relayed the ball to Vargas.

**MITCHELL YANKED**  
Jenkins was thrown out by Rhyme and Mitchell seemed out of danger, but Jacobs now had just out of the reach of Rhyme and Hood scored. Golvin followed with a hit and then Manager Hillen yanked Mitchell and sent in Pat Shea.

# Montebello defeats Fremont

## WHEAVES GLASSY GAME

Woodmen to Six Hits; Score is 7 to 5

Knocks Record Over Fence

Pitcher Good Ball Five Innings

From behind to score seven runs in the last inning, the Montebello Merced defeated the Fremont woodmen 7 to 5.

The second game of the season was played at the Montebello stadium last night. The score was 7 to 5.

Montebello won last week's game 4 to 1. They won a three-game series 2 to 1.

Montebello's pitcher, who was in the mound for the first time in his eighth game, pitched nine innings, allowing only one run, one hit and one error.

Several runs were scored in the fourth and fifth innings. The Montebello team was led by Woodmen, who were the winners for five innings.

Woodmen's pitcher, who was in the mound for the first time in his eighth game, pitched nine innings, allowing only one run, one hit and one error.

# EAGLES LOSE TO HOLLYWOOD

## Pasadena Team Defeated by 5-to-3 Score

### Lester Cox Features With a Good Day at Bat

#### Roll Holds Losers to Eight Hits During Game

Floyd Carleton's Hollywood Merchants won another ball game yesterday when they defeated the Pasadena Eagles at Brookside Park by a score of 5-3. It was one of the best games played on the Brookside diamond this year and a large crowd of fans attended the contest.

Pasadena scored in the first inning when they singled off the left fielder, Lester Cox, who was batting for Pasadena. The hitting of Cox was the feature of the game.

Elmer Miller, pitcher of the Hollywood Merchants, pitched a good game, holding the Eagles to eight hits and striking out five of them. The hitting of Miller was also a feature.

Hollywood went to bat first and scored three runs in the first inning. The hitting of Miller was also a feature.

# BABE RUTH FOUR BEHIND RECORD

## HUNG UP IN 1921

### CHICAGO, Aug. 10.—Babe Ruth, apparently not satisfied with having hung up a new record for home runs in one month with his fourteen in July, crashed out five circuit foulers in the last week as the first step toward another new mark in August.

The Yankee slugger's brace of four-pipe blows gave him a season's total of thirty-eight, four behind the number he had on August 10, 1921, the year in which he set the record at fifty-nine homers.

Other heavy hitters in the major leagues were only mildly active, except Bottomley of the Boston Nationals, who garnered four.

Fourier of Brooklyn continued to lead the older league, having added his credit for the week, which gives him twenty-three for the year.

The one untoward incident that marked the day was considerable verbal claims on the part of adherents of Miss Kay David, who swam a race into second place, to the effect that Fred Cady had coached Miss Bottomley and kept her on a course across the channel.

The writer rode in the same rowboat with the race and can attest to the fact that the young lady herself, however, since she did not sanction it, her beautiful race. This 19-year-old coronado high-school girl, swimming under the colors of the Silver Gate Swimming Club of San Diego, proved beyond doubt that she is going to make a record of championship quality. This is said to be only her second appearance in competition.

A second dispute that looked serious for a time came when Miss Edie Blawett of Fresno, a member of the Fresno swimming club, came in a good fourth. Miss Blawett was at first disdained by the crowd, stood up in one foot of water, about to walk to the edge of the water, which was the limit of swimming and the edge of the water. As she did so two guards believing Miss Blawett's exhausted condition was about to get the best of her, grabbed her and supported her on her back. For this the judges disqualified Miss Blawett, maintaining that had been assisted to the finish.

The exhaustion got the better of many of the swimmers and a white raft was towed along the edge of the water, but none was in a serious condition to swim.

Altogether, despite the minor disputes and quite a bit of confusion to just a few spectators of everyone, all of which is natural in an event where there are over 200 entrants and where every one has to be transported to the scene of action by an hour's boat ride, San Diego's aquatic classic was a success in a few years from a tiny event with nineteen entrants to one of the finest of the world.

The results: Men's Silver Gate Swim Club, 1st place; Fresno, 2nd place; San Diego, 3rd place; Fresno, 4th place; San Diego, 5th place; Fresno, 6th place; San Diego, 7th place; Fresno, 8th place; San Diego, 9th place; Fresno, 10th place; San Diego, 11th place; Fresno, 12th place; San Diego, 13th place; Fresno, 14th place; San Diego, 15th place; Fresno, 16th place; San Diego, 17th place; Fresno, 18th place; San Diego, 19th place; Fresno, 20th place; San Diego, 21st place; Fresno, 22nd place; San Diego, 23rd place; Fresno, 24th place; San Diego, 25th place; Fresno, 26th place; San Diego, 27th place; Fresno, 28th place; San Diego, 29th place; # Progress

## PROSPERITY ON AT BAKERSFIELD

## REDISCOUNT CUT BOOSTS MARKET

**Rate Now Lowest of World  
Banking Centers**

## Move is Boon to Foreign Bond Financing

### Quick Response by Federal and Rail Securities

(BY A. F. MONTY WHITE)  
NEW YORK, Aug. 10.—Reduction last week of the New York Federal Reserve Bank's rediscount rate to 3 per cent. today, revived the flagging support of the bond market and stimulated sharp rises in the prices of most securities.

In the case of foreign obligations the change in the rate merely added fuel to the fire. The market already had carried most European issues to record high levels and was now being driven to new heights.

At the Inter-Allied conference for execution of the Dawes plan, probable evacuation of the Ruhr and the international loan to Germany promoted heavy accumulation of all French and American securities. The Dow Jones ranged from two to six points. Austrian, Serbian, Hungarian and other securities were also attracted to peak prices.

NEW YORK IS CENTER

International significance of the lowered bank rate, bankers asserted, would be felt in New York as the most attractive market in the world for foreign borrowers. Through its effect on the dollar, the rate reduction was seen as a boon to foreign financing, particularly the foreign government debt.

Striking testimony to the strength of the current investment market was the sale of \$20,000,000 Argentine bonds at 100.

the six-month 5 and 5 percent note, which had been sold at a 10 percent discount, yielded a record low rate for short-term borrowing by a foreign government. Proceeds from the sale of the \$20,000,000 issue were used to pay off \$10,000,000 of U. S. government bonds maturing on the 15th inst.

The response of United States Treasury officials to the sudden rise in the rediscunt rate was immediate, prices bounding up rapidly after the initial drop. By the end of the week, however, was marked by erratic and confusing fluctuations. An early advance in the price of U. S. government securities to the year's highest levels. Failure of the Reserve Bank to announce a rate reduction, and the fact that the market had been through a sharp reaction, but losses were recovered when the change was made. The Treasury's following day, the Treasury 1-2s closed 108 to a record high price.

### LOANS OVERSUBSCRIBED

Readjustment of prices in the bond market was immediately followed by the Van Sweringens with their huge Nickel Plate system, which had been announced as semiofficially announced. Chapman and Ohio and Erie convertibles lost ground but the Nickel Plate and Erie convertibles were strengthened by their prospects of becoming underlying securities in the new issue.

A Norwegian loan of \$25,000,000, which was oversubscribed, was also announced.

offerings, which aggregated \$36,000,000. Investment bankers said they expected to raise \$50,000,000 in new financing before the end of the year. Several private loans to German industries are expected to follow flotation of the huge international loan.

## RECORD SET BY MIRANDO SHIPMENTS

Rio Grande Border Field Sends Out 1020 Cars With Oil During July

(EXCLUSIVE DISPATCH)

MIRANDO (Tex.) Aug. 10.—More oil was shipped from Mirando during the month of July than during any one month in the territory. The Rio Grande border oil field was

The development of the Mirandy field has been gradual and steady. The producing area has been expanded by drilling during the few months with the trend of development toward the Rio Grande. The fact that a shallow oil field, with a maximum depth of 100 feet, wells, is situated about forty miles south of here, leads to the belief that the intervening territory may contain oil in paying quantities, and this theory is causing a widening of the search.

The wells in the shallow field are only 140 to 200 feet deep and were drilled by water-well outfits. No oil has been drilled in the shallow field.

**As Any Mother Knows**  
A mother with six children finally got her flock seated in a street car, and an old aunt across the aisle remarked, "Are all these your children or is this a picnic?"  
"Well," said the mother, "They're all mine, and believe me it's no picnic."—[Columbus Dispatch.]

GOLD MINES  
OPEN AGAIN**

*Operations in San Diego  
Mountains Are Greatest  
Since Boom Days*

(EXCLUSIVE WATCH)  
SAN DIEGO, Aug. 10.—Gold  
mining on a scale approaching the  
activity of a generation ago has  
been resumed in the San Diego  
Mountains, and the names of such  
sturdy producers of other days as  
the Green Chariot, Ready Relief,  
Treasure Hill and Hubbard and

equipment, were unable to take every ounce of gold from the quartz. The Japanese, however, on the Julian-Banner district include the sinking of shafts to depths much greater than heretofore. The famous Yamaoka mine, in the "Yamagata," was the first in the county, although it penetrated only 600 feet. All of the old mines produce, however, in paying quantities, a certain amount of silver, which is "bottomed out" when first worked.

The Golden Chariot mine, operated by a San Francisco syndicate, recently deposited a number of bars of solid gold at a local bank, these representing the first fruits of the renewed operations.

The first national Japanese Olympic meet will be held at Tokio

(EXCLUSIVE DISPATCH)

MIRANDÓ (Tex.), Aug. 10.—More oil was shipped from Mirandó during the month of August than during any other month since this lower Rio Grande border oil field was discovered. The total shipment for the Texas-Mexican border area for the month was 1020 cars, which was 143 cars more than for any previous month.

The development of the Mirandó field has been gradual and steady. The producing area has been widened greatly during the last year. The trend of oil development toward the Rio Grande. The fact that a shallow oil field, with more than twenty producing wells, is located about forty miles south of the border, less than 10 miles from the oil fields operated by the state oil operators that are producing in paying quantities and contain the same grade of oil, suggests

**Midway, Elk Hills, Wheeler  
River Districts Active**

[EXCLUSIVE DISPATCH]  
BAKERSFIELD, Aug. 10.—W  
nine new wells begun in Ke  
county during the last week a  
normal development w

Five new holes were started in the Midway field, one each in the Hills, one each in the Wheeler Ridge and Kern River fields, and two near Taft, as well as one in new territory north of the above, this being the No. 1 well of J. E. McMahon on Section 10, T. 10 N., R. 10 E., S. 10.

The Pacific Oil Company has added two more to its list of wells in the starting last week of well

The Pacific Oil Company has just completed the shutting off of the water in its No. 11 hole on Section 23-24; No. 31 on Section 23-25; and No. 20 on Section 23-24, all in the Midway.

**RETRIEVE SPUDS IN**

The Retrieve Petroleum Company has spudded in its No. 1 well on Section 21-22. The other two

Way was are the Combined  
Company, No. 16, Sec. 1,  
No. 2, and the Big Ten Oil Com  
pany, No. 8, Section 2, 23-25.  
In the Kern River field the Wil  
son Oil Company has begun drill  
ing its No. 4 hole on Section 20  
T-23S, R-10E, S-23E.  
In the Elk Hills the Pacific Oil  
Company has a crew of drillers a  
work on its No. 6 hole on Section  
20-34.  
Water shutoffs in Kern during  
the last week numbered ten, while  
drilling jobs totaled six.  
While there is little activity in  
the way of new drilling in the oil

On production, the new projects give promise of extensive development programs in the fall. Two companies are operating on the Wheeler Ridge structure, which is the furthest south extension of the San Joaquin Valley oil field. They are the Standard and General Petroleum. William Gibb and Co., Jr., is also drilling a test hole here. The General Petroleum added in its test hole at Comanche Point. This is a community well in the sense that it

Oil companies have combined to test the General Petroleum to bear expense of the test.

**JONES DERRICK UP**

Leonard Jones has a derrick up and is expected to spud in soon in Section 23, 30-29 in the Woodstock district, southeast of Bakersfield.

Markford No. 1 of the Pan-American is actively drilling on the River bluffs and St. Helen's. The General Petroleum Company, Ltd., an English concern, is also active.

The Union Oil Company's test on Section 4, 29-25, Rio Bravo is ready to spud in and the Main Oil Company's well on the of the valley, southwest of , is at an interesting stage.

# at Miramonte

(REDACTED DISPATCH)  
 MAKERSFIELD, Aug. 10.—William G. McAdoo, Jr., and Robert Albert have acquired an option on Sections 3 and 11, 24-33 for exploitation in the Miramonte district, ten miles northwest of here. The Keystone Oil Company took a lease in the district.

also recorded one on a location of the Miramonte colony. The agreement just recorded was between the Mercantile Trust Company and the McAdoo interests, in which the latter were given until February 1, 1925 to make a cash payment of \$10,000 and then pay the balance with notes bearing interest at 7 per cent. Consideration was \$12,500 for the first-named second and \$11,200 for the second.

English Firm to  
Kill Wildcat in  
North

**Central Region**

[EXCLUSIVE DISPATCH]

**KERSFIELD, AUG. 10.** — St. John's Petroleum Company, Ltd., subsidiary of the Kern River Oil Co., Ltd., both English concerns, has begun its well on the Kern River field Friday last. The well is being electrically drilled and the hole, which is 122 feet in height, is being built double strength so that a deep test may be made.

of miles in Section 15, T. 28-28-28, of the West and half of the College of the Pan-American University of its Parish No. 1.

The Oil Company has just a lease from W. F. White for forty acres in the same section where the St. Helena is drilled. The land is described as the half of the south half of the west quarter of Section 15.

Three years of time may be in which to start drilling for oil. The first two years was paid in a lump sum, not in the lease. A month's rental of an acre is required for the year in case drilling be

PLAY DAY'S PLANS ARE ANNOUNCED

Festival for Boys and Girls Set for 30th Inst. at Recreation Grounds

The 30th inst. has been selected for the annual Play Day for the boys and girls of the city. The Play Day Committee has announced that the festival will be held at the Recreation Grounds, which is to be held on the 30th inst. at 2 p.m.

Each of the thirty-eight playgrounds scattered throughout the city will have its own booth, and the festival will be a most interesting and profitable one for the children. The festival will be held at the Recreation Grounds, which is to be held on the 30th inst. at 2 p.m.

PLAYDOM IDOL OF SCREEN IN NEW ROLE

ACTING IS TRIUMPH Notables of Film Land at Premiere

BLANCHE SWEET APPEALS DEEPLY AS TESS

By Edwin Schallert

The laurels for one of the finest screen performances this season go unqualifiedly to Blanche Sweet. "Tess of the d'Urbervilles" is her triumph, the greatest she has won in any recent production—greater than the majority of her successes achieved in the past, even under the direction of D. W. Griffith.

Marshall Neilan has rediscovered all the latent power of her talent, and the result is to be admired this week at Loew's State Theater, where the picture version of Thomas Hardy's tragic novel is showing.

Admiration is the word that expresses the feeling called forth by the dramatic and unrelenting grasp of the "d'Urberville" landscape. For there is little in the production that makes for misapprehension of the familiar sort. And in the personality of Miss Sweet and her performance are embodied the whole story of tribulation which composes the fateful story.

The picture is really noteworthy as a technical production of the acting. It is different entirely from most Neilan features. There are subtleties, but no tricks, and virtually nothing of humor. Yet despite this I have a feeling that in his serious enterprise Neilan will have a greater hold on the public and that despite the handicap of rigid unhappiness which lurks in the Hardy plot.

A deep attentiveness hovered over the audience that watched the unfolding of the film. The general impression was that for once we were not merely looking at another movie.

The touches are very effective. Indeed, the black flag denoting the hanging of a murderer, rising over the prison in the beginning, and at the end welds the drama together. "Tess's" tragedy is given a personal note here. The drama as a whole, though, is inclined to be sketchy.

Another scene of strength, where she rushes to get the doctor for her dying baby, and on the way encounters the man who deserted her, is carefully enjoying the fox hunt.

The picture has been improved since I saw it first about a month or two ago, particularly to the benefit of Conrad Nagel's portrayal of the hero. It is easily the finest thing that he has done.

Stuart Holmes as Alec d'Urberville, who brings tragedy to Tess throughout the story, does the most striking interpretation—one filled with a high grade of cleverness.

George Fawcett is also noteworthy in the role of Tess's vagabond father, Victory Bateman. Courtney Foote and Joseph J. Dowling give an excellent account of themselves, as does the oldest of the children who appear.

The scene that stars most is the one where Tess stabs her persecutor. The horror and terror which Miss Sweet calls forth in this climax have seldom, if ever, been equalled.

The picture is far from being of the typical entertainment type, but is really a noteworthy attempt to convey very serious drama through the medium of the screen, and as such should command a discriminating attention.

The surrounding program has been built with every determination apparently to relieve the possible fall of gloom, because it is one of the lightest, and incidentally one of the cleverest that has been given at Loew's. The Fanchon and Marco review, and the Educational comedy, "Neck and Neck," as well as the Local Laughs, are all replete with sparkle.

"SONG OF LOVE" ROLE JUST MADE FOR NORMA

It would be difficult to visualize a role more fitting for Norma Talmadge than is the Arabian dancing girl which she portrays in "The Song of Love," showing at Tally's Theater.

In this picture, which was produced by Joseph M. Schenck, Miss Talmadge plays the part of an Arabian dancing girl who becomes the center of devious intrigues and conspiracies. She is the main attraction in the tavern of her uncle, and as the story unfolds, her figure and her pulse-quicken dancing drew many from far and near.

Falling in love with a stranger, she discovers too late that he is a spy, but she finds that love is stronger than hate and racial pride.

Those in support of the star are Arthur Edmund Carewe, Joseph Schildkraut, Laurence Wheat, Maude Wayne and others.

"The Song of Love" was adapted from Margaret Peterson's novel, "Dust of Desire," and was directed by Chester Franklin and Frances Marion.

"MONSIEUR BEAUCAIRE"

Rudolph Valentino and Bebe Daniels in new picture.

STARS of the stage and screen, Rudolph Valentino and Bebe Daniels, who have so long waited for Rudolph Valentino's return to the screen will be gathered in full force on the occasion of the premiere of this star's production of "Monsieur Beaucaire," which will take place at Grauman's Million Dollar Theater this evening at 8:30.

It will be a triumphant return for Valentino, just of the kind of the city, and the general public who have so long waited for Rudolph Valentino's return to the screen will be gathered in full force on the occasion of the premiere of this star's production of "Monsieur Beaucaire," which will take place at Grauman's Million Dollar Theater this evening at 8:30.

BIBLE DRAMA HOLDS AUDIENCES IN SPELL

Out in the Hollywood hills in a sublime setting the Pilgrimage Play, continues to hold audiences spellbound with its unfolding of the vital divine truths as unfolded by biblical teachings. This drama, being portrayed by players of ability and discriminating artists of renown.

The finished artistry of Henry Herbert, who originally created the role of the Christ, and continues in this stellar cast, portrays the role of Nazarene with an established impressiveness. Florence Stone's interpretation of the Mary Magdalene role is one of the strongly dramatic features of this world-famous production.

Another play in this sacred drama is Rosa D. Hatch, who for two seasons was a member of Daniel Frohman's stock company in New York, since which time Miss Hatch has won many new laurels for herself in her dramatic work.

MANY ANGELENOS HAVE SEEN MYSTERY COMEDY

Yesterday's performances brought the number of Los Angeles folks who have seen "The Cat and the Canary" at the Morocco up to within a few thousand of the 100,000 mark. The matinee began the ninth week of the mystery-comedy's run.

The play is one of those things which blots out everything else from the mind of the auditor. It is completely absorbing, because the audience is in doubt to the last scene of the final act as to who is responsible for all the devilry that has been going on.

ALICE GENTLE SINGS

Soprano Feature of Metropolitan Theater Program

BY KENNETH TAYLOR

Sometimes the added attractions at cinema theaters are more interesting than the features. This may not be the case at the Metropolitan this week, for "Empty Hands" is highly diverting, of its type, but it is very nearly so. And if it is not, both attractions are at least on a plane.

Alice Gentle holds the spotlight, making her first appearance in a motion-picture theater. Following two programs at the Bowl concert, her popularity here is without limit. She sings "Vol to Sape" from "Cavalleria Rusticana," "Estrellita," and "Song of Songs." The last, two being of a more popular nature, are very well received. "Estrellita," particularly, is a pretty little thing. It is a popular Mexican song which the soprano discovered recently in a visit to the Southern republic. And her voice, as we all know, is the entire house into absolute silence.

Everything about "Empty Hands" is all right except the title. It is one of those titles that look interesting but do not mean anything. But then, you will probably forget the name as soon as you see the picture, and you'll find it doesn't make much difference.

Jack Holt appears as another true son of the great open spaces. Idealistic to a degree, a brick of purest gold, Norma Shearer supports him adequately in one of her first big opportunities, as the happy-go-lucky jazz-loving modern girl who suddenly matures when the two are forced together in a strange situation.

We've had the story of the man and the woman who are wrecked on a desert island, in the forest, or isolated from civilization in some other way, many times before. But so it doesn't appear too often there always seems to be room for it. Victor Fleming has taken the same theme, a scenario adapted by Carey Wilson from an Arthur Stringer story, and made a photoplay that will hold your interest right up to the last reel, and half-way through that, telling his story in a breezy, refreshed style.

This time the father takes his unruly daughter into the wilds of Canada to try and drive some sense into her ivory dome. The girl, accustomed to having her own way, goes paddling on the lake unaccompanied, gets caught in the stream and is carried down the rapids. Hero flings along a couple of scenes, finally trying to rescue her. He does, but they have passed through a deep, rocky gorge, through which there is no return. And so when dawn comes they find their future practically behind them, and set out to remedy the past. Of course, you know by this time that the man falls in love with the girl, and she with him, also, that the experience changes her whole philosophy of life, and when they do get back to civilization (we owe a lot to the Wright brothers for that) they live happily ever after. That is, if it's the fashion for married people to live happily nowadays.

Anyway you look at it "Empty Hands" has something of interest to offer. There are deft touches of comedy scattered throughout the picture rather above the usual run of this kind of relief. One of these opens the story. If the producers didn't want to have a feature picture they could cut out all these humorous bits and have a good one-reel comedy.

Then the wilderness sequences boast of some of the most beautiful scenic backgrounds the cinema has ever caught. And these scenes might be combined into one entertaining scenic. But as it stands the picture is entirely satisfactory screen entertainment.

Hank Mann does a very pleasing bit in the opening scenes. Others in the cast include Charles Clary, Ramsay Wallace, Ward Crane, Charles Stevens, and Charles Gorman.

Don Phillipian leads the orchestra in a special selection (the green announcement says it is Tchaikovsky's "Marche Slave," which isn't far from wrong) a very interesting "Out of the Inkwell" cartoon, and the Brown Brothers playing accordeons are other attractions on the bill.

"MONSIEUR BEAUCAIRE"

Rudolph Valentino and Bebe Daniels in new picture.

STARS of the stage and screen, Rudolph Valentino and Bebe Daniels, who have so long waited for Rudolph Valentino's return to the screen will be gathered in full force on the occasion of the premiere of this star's production of "Monsieur Beaucaire," which will take place at Grauman's Million Dollar Theater this evening at 8:30.
